# Bujdosó. Lake Balaton | Hungary.

Bujdosó winery is growing vines on the South shore of Lake Balaton in some of the most beautiful vineyards of the varied Somogy hills. Three generations work together to preserve and convey as much as possible of the natural aromas of grapes to our wines. Their motto is: „Our bottles are filled with the Balaton sunshine.” There are four alumni of the Oenology faculty of the Horticultural University in the family: grandpa Feri who looks after the vineyards, grandma Klári the best teacher for the workers in the vineyards, Feri and his wife Bea the two winemakers. Starting from July 2013 Feri is the president of the Balatonboglár Winegrowers’ Association. Zsiga the younger brother is also an active member of the business as Head of Sales. The third generation, four granddaughters and five grandsons also help out in the winery.

Established: 2013

Winery Size: 90ha

[www.bujdosos.com](http://www.bujdosos.com)

## CIRKÁLÓ

The aroma of the wine is clearly dominated by ripe fruits such as peaches, peaches, and even mangoes. Vibrant acids make the sip firm, with peaches and ripe apples. A well-proportioned, lively wine that will quickly become a favorite.

Grape Varietals: 100% Rhine Riesling | Alcohol content: 13.5%

# Feind. Lake Balaton | Hungary.

In 1995 Lajos Feind founded our winery when he bought 14 hectares of grapes close to Lake Balaton. This is where the viticulture began, leading it in the direction of the winery. Within 20 years he expanded to 130 hectares of vineyards. Most of these can be found in Öreg-hegy in Balatonfőkajár, but also in Balatonvilágos, Balatonaliga and Balatonfüred, so all of the plantations are part of the Balatonfüred-Csopak wine region.

In January 2019 Lajos Feind handed over the management of the winery to his son Zoltán Feind and his executive István Bacskai.

We work with 20 varieties of grapes, giving us a wide range of selection. The main direction of the winery - where we are our strongest -, is in aromatic white and rosé wines, but we also produce a nice range of red wines.

Established: 1995

Winery Size: 130ha

[www.feind.hu](http://www.feind.hu)

## NARANCS

Our orange wine was made from Rhine Riesling, fermented on the skins, aged in a 225 litre oak barrel for a year. This technology is native to Georgia, even to date their premium white wines are fermented on the skins with red wine technology. A rich wine, with a lingering taste. Perfectly matched with walnut, aubergine or lamb based dishes, but it is well worth trying with Asian cuisine too.

Grape Varietals: 100% Rhine Riesling | Alcohol content: 13.5%

## COUPÉ EXTRA DRY

Our champagne is made from Sauvignon Blanc using the Charmat method. The Coupé Brut is lightly sparkling with bright acidity. With a complex taste and aroma, it's fruity notes are dominated by apple and pear. It is perfect as an aperitif and as an accompaniment to fish dishes.

Grape Varietals: 100% Zenit | Alcohol content: 12%

## NOTES

# Gilvesy Winery

## Lake Balaton | Hungary

Robert Gilvesy founded his winery in 2012, starting with older vineyards from the 1970s and then replanting others in 2015 with a focus on Olaszrizling, Furmint, Rhine Riesling and Sauvignon Blanc. Robert Gilvesy actually grew up on a small farm in Ontario Canada, but as second generation Hungarian, moved to Hungary in 1992. An architect by trade (his amazing home and cellar are testament to this) and familiar with doing business internationally, he decided to settle along the shores of Lake Balaton. Committing both to the science and magic of these volcanic terroirs, he is just getting started while also investing in other properties along the Balaton to start raising up the region as a whole. A true evangelist for all things Hungarian food and wine, Robert Gilvesy leads the association of Volcanic Wines in Hungary and hosts amazing food and wines events at the winery like the annual Bohém Légyott Festival.

Established: 2012

Winery Size: 13ha

[www.gilvesy.hu](http://www.gilvesy.hu)

### MARTINUS OLASZRIZLING

This Olaszrizling arrived to our cellar from Marci's own estate on Tagyon Hill, from calcareous, dolomite-rich soil. It is fermented partly spontaneously and partly controlled in steel tanks, then aged for five months on the fine lees. Intense varietal character, pronounced acidity and a nice, round finish thanks to the touch of residual sugar.

Grape Varietals: 100% Olaszrizling | Alcohol content: 13%

### TARÁNYI RAJNAI RIZLING

Tarányi is an organically cultivated vineyard on the southern slope of Szent György-hegy, an extinct volcano. Fruit from 45-year-old vines, hand picked and naturally fermented, this is a wine in which the expression of place challenges varietal character.

Grape Varietals: 100% Rhine Riesling | Alcohol content: 13%

### NOTES

# Heimann. Szekszárd | Hungary.

The style of the Heimann family's classic wines was developed by Ágnes and Zoltán Heimann. The first decade of the 21<sup>st</sup> century was dedicated to finding the special Heimann style: the family brought top quality cuttings of Cabernet Franc and Merlot from Bordeaux and planted them on the Porkoláb-völgy plateau. When in 2002-2003 the first monopole vineyard of the family, the 11ha Bati Kereszt was planted a significant acreage was dedicated to Viognier, the one and only white variety of the estate. The west facing slopes were planted with Tannat from Basque Country and Sagrantino from Umbria. These latter varieties give an individual touch to the character of the top of the range wines: Franciscus and Barbár. The goal is to produce wines that display full ripeness and refreshing fruit. This is the trademark of Szekszárd wines and Heimann wines too.

Established: 1758

Winery Size: 40ha

[www.heimann.hu](http://www.heimann.hu)

## BARBÁR

Barbár - the Barbarian - is the flagship wine of the winery. It showcases all the virtues we expect from a great wine: finer shades and exciting aromas waiting to be explored, lots of fruit, depth, character and terroir expression adding up to a balanced whole. While it is undeniably powerful and highly expressive, it is also elegant, varied and magnetic.  
Grape Varietals: 30% Cabernet Franc, 30% Merlot, 23% Tannat, 16% Kékfrankos | Alcohol content: 14.5%

# Jekl Flóra. Villány | Hungary.

The family winery, located in Villány, Hungary's Mediterranean wine region, has a history of nearly a quarter century. As a first-generation winemaker, the head of the family, Béla Jekl began to deal with viticulture and winery, but later the other members of the family joined in the operation of the winery.

Wines from the most valuable vineyards in the countryside; they come from the Jammertal, Ördögárok, and Feketehegy, about 10 hectares of land. "As a representative of the young generation, I have been involved in the daily life of the winery since my childhood, which has greatly contributed to the development of my love and respect for quality wine and winemaking.", says Flóra Jekl.

Established: 1992

Winery Size: 30ha

[www.ilprimo.hu](http://www.ilprimo.hu)

## IL PRIMO

The basic idea started with the 2004 vintage of this Bordeaux composition. Since then, Cabernet Franc, Cabernet Sauvignon and Merlot have been the main ingredients, always in different proportions. An important moment must correspond to the current Composition: to be fruity, easy to drink and easy to interpret = this is IL PRIMO.

Grape Varietals: Cabernet Franc, Cabernet Sauvignon, Merlot | Alcohol content: 14.5%

## KADARKA

The harmony of spice, lightness and elegance.

Grape Varietals: 100% Kadarka | Alcohol content: 14%

## CABERNET FRANC

Villány's flagship wine, which represents body and greatness, paired with good barrel ageing.

Grape Varietals: 100% Villányi Franc | Alcohol content: 14.5%

## UNICORNIS

The Merlot is what can be grown very large-scale in Villány. It is characterized by raspberry, real concentration and a very rich taste.

Grape Varietals: 100% Merlot | Alcohol content: 14.5%

# Malatinszky\_

## Villány | Hungary\_

In 1997, Csaba Malatinszky believed, the time had come for building his winery. In many respects the building has earned the appreciation of professionals and visitors too.

For the very first time in this wine region, he applied controlled fermentation of red wines, for its ageing, an ageing room was designed specially made for small-barrel ageing. The special atmosphere of the fermentation and ageing room enable to reach professional solutions in wine making. The winery is an eco-friendly building, which applies to unique solution regarding to ventilation and energy use.

With the words of the winemaker: "Without beauty, life is meaningless. As a human being I would like to express that inner content, which is only mine. I feel blessed, that I can do it on my way."

Established: 1992

Winery Size: 125 ha

[www.malatinszky.hu](http://www.malatinszky.hu)

## KÚRIA CABERNET FRANC

Very good colour, full black red, lots of flesh and really good purity of Cabernet Franc fruit, really great wine.

Grape Varietals: 100% Cabernet Franc | Alcohol content: 14.5%

# St. Andrea. Eger | Hungary.

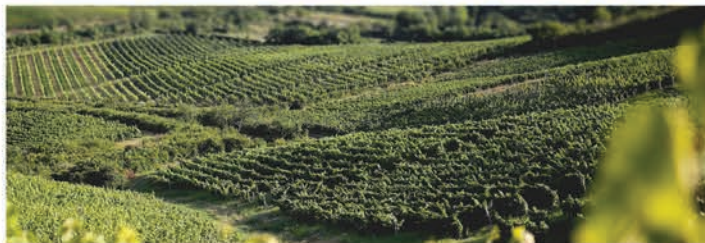

From the winemaker: "The climate of this wine region is rather cool, and it is duly represented in our wines' character, namely in their exciting acidity, rich aromas, not overpoweringly present tannins and their elegance. None of these would be realized if Eger did not have a soil so fundamentally rich in character. It is complex and varied. Here the lower layer rhyolite tuff of volcanic origin dominates, and is covered by hard, deep brown soil rich in clay. Moreover, composition of the soil is breathtakingly colourful and unique, where lime, slate, zeolite, marl and sandstone, or a combination of these can be found, giving the wine a strong character. The climatic condition of the Eger wine region is mainly affected by its proximity of the Bükk Mountains. All in all, we can say that Eger wines contain an exciting amount of acidity and long-lingering pleasant flavour."

Established: 2002

Winery Size: 45ha

[www.standrea.com](http://www.standrea.com)

## MÁRIA

A rich white wine from the Grand Cru vineyards of the Eger wine region, from the Nagy-Eged-Hegy. Ripe fruit, peach, mango, pineapple and lime zest on the nose. In the background you can taste hard stony sparkle and barrel vanilla. The fruit cavalcade continues on the palate. Peach, pineapple and tangerine, accented by a savoury tone. Tight, long and elegant. Grape Varietals: Furmint, Chardonnay | Alcohol content: 14.5%

## ÖRÖKKÉ

The fragrance bursts out of the glass. Yellow flesh peach, green pineapple, lime zest. A lively but very subtle acidity surfs on the palate. Peach and pineapple lead the palate, accompanied by pomelo and mineral saltiness. Long finish, rich, complex white wine with nicely integrated ageing notes. Grape Varietals: Hárslevelű, Sauvignon Blanc, Furmint, Olaszrizling | Alcohol content: 13.5%

## BOLDOGSÁGOS

Its aroma is rich, with a floral and citrus scent with white-fleshed peaches and grapefruits. The momentum of Eger strikes a nice balance with the fullness of the wine. Tight, complex white wine that beautifully expresses the place of production, decorated with elegant wooden barrel maturation notes. Grape Varietals: Chardonnay, Furmint, Hárslevelű, Olaszrizling, Sauvignon Blanc, Szürkebarát | Alcohol content: 14%

## NOTES

[www.standrea.com](http://www.standrea.com)

## ÁLDÁS

Fruity, vibrant, sufficiently broad, modern red wine. Its aroma is characterized by ripe black berries with a small cocoa powder background. On the palate, it is tight, but still gentle, with good aging potential.

Grape Varietals: Blauburgunder, Kadarka, Cabernet Franc, Kékfrankos, Merlot, Pinot Noir, Syrah | Alcohol content: 14%

## HANGÁCS

A complex single vineyard Egri Bikavér wine with long finish. Black berries on the nose complemented by volcanic - forest litter notes. Mulberry, blackcurrent, pine - resin, forest litter, chilli and chocolate on the palate. Velvety sip, nicely ripened character. An elegant, sophisticated red wine.

Grape Varietals: Kékfrankos, Cabernet Franc, Merlot, Pinot Noir, Kadarka | Alcohol content: 14.5%

## MERENGŐ

The flagship wine of St. Andrea winery, a selection of their most beautiful barrels. Fine, complex aromas of blackcurrant, blackberry and forest berries on the nose complemented by forest soil and litter. Meaty and full bodied on the palate with taste of volcanic and chalky minerality. A rounded elegant red wine with long finish. Grape Varietals: 31% Kékfrankos, 20% Syrah, 18% Cabernet Franc, 16% Merlot, 15% Pinot Noir | Alcohol content: 15%

## NAGY-EGED

The wine has a medium opening and opens up with time. The nose is full of ripe fruit, like blackberries, ripe cooked plums, cassis, fresh black cherry jam. The fruit is complemented by mineral and spice notes typical of the terroir, black pepper and graphite. The brisk acidity is complemented by ripe and delicate tannins. A full-bodied wine, typical of this vineyard. Grape Varietals: 36% Kékfrankos, 30% Cabernet Franc, 29% Merlot, 5% Syrah | Alcohol content: 15%

## AGAPÉ

The best description: “A prayer turned into wine”. Fully riped fruits such as blackberry, cranberry, sour cherry, raspberry with yogurt, sweet spices and marzipan sweetness on the nose. Great harmony of cleanness, vibrant acids, excellent tannins, rounded body on the palate with long finish. A great, new example of the special production site. Grape Varietals: 33% Kékfrankos, 29% Merlot, 24% Pinot Noir, 9% Syrah, 5% Kadarka | Alcohol content: 15%

# Takler. Szekszárd | Hungary.

The Takler family has dealt with vinegrowing and winemaking since the 1700's in the exceptional Szekszárd wine region. At this time the Takler family, just as some other wine-maker families, settled in Szekszárd according to the settlement of Maria Teresia. The current winery was established in 1987 and is controlled by the „consultative board of three” Takler Ferenc and his two sons András and Ferenc.

The Takler „Trio” is now farming on 58 hectares, most of which is situated the best location of the wine region. Grape varieties: Kékfrankos, Cabernet franc, Merlot, Kadarka, Cabernet sauvignon, Pinot Noir, Syrah, Sauvignon Blanc, Chardonnay. The winery reached excellent reputation in numerous national and international competitions. Ferenc Takler was the „Winemaker of the Year” in 2004.

Established: 1987

Winery Size: 58ha

[www.takler.com](http://www.takler.com)

## CABERNET FRANC

A full-bodied, vibrant red with rich bouquet. Notes of forest fruits, mainly blueberries make the velvety flavour particularly delectable. Aged in used oak barrels for 14 months. Pairs nicely with wild stew, mushroom dishes, meat and liver.

Grape Varietals: 100% Cabernet Franc | Alcohol content: 15%

## KÉKFRANKOS RESERVE

Selection wine family is a jewel mainly from older vines, was a strict yield reduction, very dashing and elegant character of red wine, spicy aroma and flavor, especially notes of ripe cherry and sour cherry. It is matured 12 months in new 500liter Hungarian and French barrels.

Grape Varietals: 100% Kékfrankos | Alcohol content: 13.5%

## BIKAVÉR RESERVE

A traditional blend of selected grapes. Based on Kékfrankos complemented by Merlot and Cabernet Sauvignon, with Syrah and Kadarka. Elegant wine with complex flavours, velvety character and red berry fruits. The representative of the top Bikavér wines.

Grape Varietals: 47% Kékfrankos, 20% Merlot, 20% Cabernet sauvignon, 8% Syrah 5%Kadarka | Alcohol content: 14%

## NOTES

# Tornai\_

## Somló | Hungary\_

The Mt. Somló is a distinctly formed mountain that rises sharply out of the flat area North of Lake Balaton in Central Hungary. Endre Tornai, the founder of Tornai winery, started viticulture and winemaking in 1946 on a 2.5 acre vineyard.

Today the land measures 170 acres and it is the third generation now that is engaged in the everyday tasks of the wine-cellar.

The ars poetica of our business, besides respecting traditions, is the use of state-of-the-art winemaking and processing technologies.

The Tornai Winery as the dominant winery of Mt. Somló, based on several decades of experience, is the initiator and supporter of the wine-production co-operation of the region. We do this so that the wines of Mt. Somló can preserve their values both on a national and international level.

Established: 1987

Winery Size: 69 ha

[www.tornaipince.hu](http://www.tornaipince.hu)

## PREMIUM JUHFARK

Premium Juhfark is a combination of the fruity style and the oak aging, to create an exciting harmony between the two styles. Perhaps it has been our most successful, most exciting wine for many years, it is an excellent gastro wine.

Grape Varietals: 100% Juhfark | Alcohol content: 13%

## PREMIUM FURMINT

The Premium brand's wines are about elegance and balance. This Furmint was born in this way too, from excellent ripe grapes, with gentle processing, and partially oak aging. We have created a style that shows the power of Somló with its sophistication and inner values. Great wine, still very young, will evolve for a long time.

Grape Varietals: 100% Furmint | Alcohol content: 13%

## PREMIUM SAUVIGNON BLANC

This grape variety is very popular in the world with its refreshing scent and refreshing character. It is very important to choose the perfect date of the harvest, so the fruity aromas and good acids are in good harmony, and so we keep its lightness as well. We are proud of this wine, it can be served on any table among a good international wine selection.

Grape Varietals: 100% Sauvignon Blanc | Alcohol content: 12.7%

## TOP SELECTION ARANYHEGY JUHFARK

The Juhfark of Aranyhegy vineyard has a characteristic, very rich taste, it shows well the typical character of the terroir. At low yield, we get serious concentration in the taste, but the maturation in oak brings special excitement to the wine. Tropical fruits, bitter almonds and a stony-mineral character in the nose are followed by pear-almond, ripe acids on the palate with a hint of oak. A wine with great potential for long aging.  
Grape Varietals: 100% Juhfark | Alcohol content: 13%

## TOP SELECTION APÁTSÁGI FURMINT

Our most well-known Hungarian variety, harvested from an outstanding vineyard. Furmint is capable of showing a very rich aroma world with our strict yield control. Lavender, dried fruit and overripe tones are dominating the nose. Aroma of oak ageing in combination with characterful minerality, followed by ripe fruit, apple, pear and good acidity. The long complex finish points to an exciting wine with outstanding ageability.  
Grape Varietals: 100% Furmint | Alcohol content: 13.5%

## TOP SELECTION OLASZRIZLING

Perhaps the most beloved and well-known variety in Hungary, which reaches outstanding quality in Somló. The long ageing potential hides plenty of excitement. The nose recalls dried fruit, dates, raisin and fine use of oak. The palate points to freshness, followed by finesse and elegant oak, accompanied by plenty of fruitiness and minerality. Lively Olaszrizling, which displays the rather serious side of the variety.  
Grape Varietals: 100% Olaszrizling | Alcohol content: 12.5%

## TOP SELECTION TRAMINI

We make TOP category wine from the Tramini variety in the best vintages, from selected grapes. Its crystal clear, straw yellow color has golden flashes. Its expressive clean aroma has a flinty, graphite character, as well as dried peaches and dried herbs. When tasted, the wine is dry. In addition to medium acidity, it is characterized by elegant minerality and body. Its long finish is dominated by floweriness.

Grape Varietals: 100% Tramini | Alcohol content: 13%

## TOP SELECTION GRÓFI JUHFARK

Year after year, we make one of our winery's top wines from the Count's vineyard. With a long barrel aging and further aging in the bottle, we get an even more mature and complex wine. In its crystal clear, deep straw yellow color, golden reflexes can be discovered. In addition to ripe tropical fruits, warm spices such as vanilla and cardamom, cinnamon and anise appear in its clean, expressive aroma.

Grape Varietals: 100% Juhfark | Alcohol content: 12.7%

## TOP SELECTION GRÓFI HÁRSLEVELÜ

It is a Hungarian breed that is our favorite every year. Its playful fruitiness is usually combined with serious interior content, and in addition to its long maturation period, exciting mature aromas develop. Its aroma is dominated by lime blossom and overripe fruit aromas. Its taste is extremely rich, diverse, spicy and complex. Dried fruits and oily seeds appear, well supported by exciting, rounded acids.

Grape Varietals: 100% Hárslevelü | Alcohol content: 14%

## NOTES

# Tóth Ferenc. Eger | Hungary.

The Tóth Ferenc winery can truly be called a family winery: through generations, young and old members of the family work together passionately to bring forward the good reputation of the winery and the wines of Eger.

„When it comes to wine-making, our aim is to preserve the old, traditional taste and flavour palate of Eger, and to combine the most modern technologies with the traditional ones. The estate and our winery is characterized by the fact that we do everything from grape planting to wine bottling, so we keep the whole process under our control.“ From oenologist Ferenc Tóth, born and raised in Eger, all kinds of things come to mind: passionate oenologist, the ambassador of the Kadarka grape, creator of the wine called “Várvédő” (the name meaning “defender of the Castle”). In recognition of his work, in 2013 he was elected “Winemaker of the Year in Eger 2012”.

Established: 1983

Winery Size: 30ha

[www.tothferencpinceszet.hu](http://www.tothferencpinceszet.hu)

## LEÁNYKA

The most characteristic white grape variety in the Eger wine region - Leányka is an ancient grape, today a Hungaricum. After the first sip appears a velvety, silky smoothness. Pale color, clear, lively bouquet. Grape flower, honey and white blossom fragrances with dominant peach on the nose. Peach on the palate complemented by fine acids makes this a precious wine.

Grape Varietals: 100% Leányka | Alcohol content: 13%

## EGRI CSILLAG SUPERIOR

Smooth and shiny as glass, straw-yellow coloured leaning towards golden. Gentle mint and sweet aromas on the nose. Buttered corn and mint on the palate. Moderate oak shows off the mineral character. The determined acids give great impulse to the wine and its taster. A very long finish with great fruits showing the character and extensiveness of the wine.

Grape Varietals: Harslevelü, Olaszrizling, Kiralyleányka, Leányka | Alcohol content: 13%

## NOTES

## KÉKFRANKOS SUPERIOR

A deep-colored wine with an intense nose. The aromas are still slow to open but manifold. Blue fruits, cherries and cocoa powder blossom out on the nose. A hint of exciting amaretto character emerges in the mid-palate thanks to oak aging. Firm but ripe tannins. Th long, cherry finish combined with lively acids and a slightly chocolatey finish shows the wine has great potential. Grape Varietals: 100% Kékfrankos | Alcohol content: 14.5%

## EGRI BIKAVÉR SELECTION

Deep ruby colour, shiny dense wine. The nose is reminiscent of a range of fruits, with aromas of cranberries, blackberries and prunes. The oak nicely surrounds the fruits. Intense and rich on the palate as well as on the nose. Its good acidity gives the wine an Eger character but also has a pleasant warmth through fine, velvety tannins. Grape Varietals: 47% Kékfrankos, 28% Cabernet Franc, 13% Merlot, 13% Pinot Noir, 7% Cabernet Sauvignon | Alcohol content: 14%

## VÁRVÉDŐ EGRI BIKAVÉR SUPERIOR

Very deep aromas on the nose thanks to the great vintage, dominated by ripe blackberry fruit with a hint of fine barrel spice. The palate is thick and complex, with ripe fruits. Excellent balance, the layered full body is nicely held by the acidity and ripe tannins. Extremely long finish. A complex, full bodied Egri Bikavér Superior blend. Grape Varietals: Kékfrankos, Cabernet Franc, Cabernet Sauvignon, Merlot | Alcohol content: 15%

ITALY

# Fattoria Il Capitano.

## Tuscany | Italy.

We have been producing wine and extra virgin olive oil exclusively from our land for generations - with respect for nature and with passion. Azienda Agricola Balbi - Fattoria il Capitano is our family business in the heart of Tuscany, just a few kilometers from Florence. The company has been producing Chianti for more than a century, once in the Consortium of Chianti Putto and now Chianti Rùfina. It is a “female” entrepreneurship founded in 1877 at the request of Francesca Campanari Balbi. Since then we have been working according to family tradition and maintaining the values of the company. With 13ha vines exposed to the sun and gently sloping, the altitude and cool temperatures that surround the vines mean that our wines have a noble, elegant and long-lasting character. Our top products are the Chianti Rùfina DOCG Riserva and the Vinsanto del Chianti Rùfina DOC, a real Tuscan excellence with international awards.

Established: 1877

Winery Size: 30ha

[www.fattoriailcapitano.com](http://www.fattoriailcapitano.com)

## TORRICELLA

This 100% Sangiovese rosé, displays a pink color with intense shades of bright red. It's delicate bouquet gives fruity and floral notes. In the mouth you can experience a beautiful dry wine with a good aromatic persistence and good structure.

Grape Varietals: 100% Sangiovese | Alcohol content: 14%

## CHIANTI RÙFINA DOCG

It's elegant and full-bodied taste conveys intense, balsamic and spicy sensations. Chianti Rùfina DOCG Riserva is a balanced wine of intense crimson color. Of all the Chiantis, Rùfina is the one that grows on the highest soils. It is precisely this altitude and its cool temperatures that make it a noble, strong and long-lasting wine. Its elegance is preserved over the years, enriching its value.

Grape Varietals: 100% Sangiovese | Alcohol content: 13.5%

# Gramineta. Maremma | Italy.

“Our story begins at the end of the 19<sup>th</sup> Century when in Tuscany malaria was devastating the lives of many, including my family. At that time my father’s grandmother found herself incapable to continue in this terrible environment of disease and death and decided together with her father to sell their property. With the profit obtained they bought land on the surrounding hills. My father’s grandmother received the fertile slopes of Roccastrada, where thanks to its privileged position 480m above sea, the malaria became only a bad memory. My father and I rediscovered our origins and culture through preserving the traditional methods used to cultivate the land and reinstated the affinity between my family and the environment. We have added new acreage, and planted a vineyard, restored old olive groves and orchards. In 2008 we built a winery. We try to create a place where everyone feels in harmony with nature and agriculture, respecting and understanding the fact that our story is written in our land.

Established: 2008

Winery Size: 10 ha

[www.gramineta.it](http://www.gramineta.it)

## BRUSIO

The mild climate of the Maremma allows the grape to express intense aromas on the nose; fruity notes of white pulp in a natural mix of mineral notes. This derives from the soil of the Colline Metallifere (250-400 m) particularly rich in nature in chalks, metals and minerals.

Grape Varietals: 100% Vermentino | Alcohol content: 13%

## BRIO

This is a lively rosé wine that is easy to drink just like its name. In the nose it starts with floral and fruity scents that form a subtle and delicate nuance. Good acids, lively and harmonious with floral hints of fresh red berry fruit. Pair it with aperitifs, fish-based appetizers, white meat-based main courses, shellfish and fresh cheeses.

Grape Varietals: 100% Sangiovese | Alcohol content: 13.5%

## ALASCO

The Sangiovese and Merlot grapes aged in stainless steel tanks give the blend a particularly structured taste with typical Sangiovese tannins mitigated by the softness of the Merlot. Interesting mix of ripe red berried fruits that give the right persistence on the palate.

Grape Varietals: 60% Sangiovese, 40% Merlot | Alcohol content: 13.5%

## GRAMINETA

Our flagship Gramineta wine has an intense ruby red color, with hints of ripe red berry fruit in harmony with aromas of vanilla. Secondary hints of licorice. It combines the freshness of Sangiovese with the softness of Merlot displaying an excellent structure. Fine and velvety tannins. Pair with meat-based courses, suitable for game, mature cheeses and cured meats.

Grape Varietals: 80% Sangiovese, 20% Merlot | Alcohol content: 14%

## NOTES

# Pieve de Pitti. Tuscany | Italy.

Pieve de' Pitti is located on the southern edge of the municipality of Terricciola, in the heart of the Terre di Pisa. The name Pieve de' Pitti comes from the Florentine Pitti, who owned the estate until the end of the 17<sup>th</sup> century. Once the Castle of Pava was a little watching fortress of the way across the Era river and it had a little village around. The property, with the villa with a chapel and several outbuildings, was a little fortified village in the 12<sup>th</sup> and 13<sup>th</sup> century, belonging to the bishops of Volterra. In 1794 the property was transferred to the sons of Anna Pitti and Federigo Lanfranchi Rossi. Through following transfer of property, our family became the owner in late '60s. Buoyed by the belief that we could become winemakers and make our own Chianti, we left our jobs and moved to Pieve de' Pitti. Based on our taste and our traditions, we make the "rubestio" character of Sangiovese our own and in 2001 we launched Pieve de' Pitti with our first vintage.

Established: 2001

Winery Size: 30ha

[www.pievedepitti.it](http://www.pievedepitti.it)

## APRILANTE

Pure Vermentino coming from a single vineyard, North-West oriented to catch every last bit of sunlight. In the part of the vineyard dedicated only to Vermentino, that is sensitive to sea breezes and early morning frost, grapes grow with rich and juicy fruits. It is fermented in steel vats that are moved outside during the winter season, under the usual snowfalls to facilitate the natural clarifying and decanting processes.

Grape Varietals: 100% Vermentino | Alcohol content: 12.5%

## TRIBIANA

Trebbiano is historically a common variety used as a component in blended wine. It's unusual to find it as a single varietal wine, and even more so harvested late in the season. Our passion and creativity leads us to produce a "lost" white wine where today, lands are devoted to Sangiovese and Merlot. Fermented in French oak barrels, Tribiana expresses a mellow honey taste with a supple and mineral finish.

Grape Varietals: 100% Trebbiano | Alcohol content: 13%

## APPUNTO

Vinegrowers know that blue clay is the perfect soil for oak and Merlot. We waited 10 years, before the blue clay and Merlot vines came to a perfect harmony so as to give full body and elegance to this wine. Appunto has a surprising taste of Merlot: open fruity nose, long and sapid fresh finish and a irresistible mouthfeel. It fully represent the marine soils where grapes ripe. You will be surprised by the honesty of its varietal taste.

Grape Varietals: 100% Merlot | Alcohol content: 13.5%

## CERRETELLO

Our first label, which started our story as vinegrowers. Based on the classic formula of Chianti wine, is made from Sangiovese, Canaiolo e Malvasia Nera grapes. Although it was originally made from our oldest vineyards only, nowadays, it has personality and a characteristic expression thanks to the Sangiovese grapes produced by the new vineyards planted in 2001.

Grape Varietals: 90% Sangiovese, 10% Canaiolo and Black Malvasia | Alcohol content: 14.5%

**SLOVENIA**

# Albiana. Dolenjska | Slovenia.

Dolenjska is a hilly sub-region of main region Posavje in South-East Slovenia, which is surrounded by the rivers Sava and Krka. Dolenjska is known as the coolest part of country for vinegrowing. With its uniqueness, diversity and great potential, Dolenjska is acknowledged as region of future which can grow top quality grapes and wines with great potential.

Our estate was bought by Albin and Ana Žaren in 1936. First, it was a mixed farm, but now it has been a wine estate for over 20 years. First wines under the ALBIANA brand were the labels of Modra frankinja 2016 and white and rose wines of the 2017 vintage. We are currently cultivating over 20 ha of vineyards or more than 90.000 vines. For highest quality possible, vineyard selections for Albiana brand have low yield. In the process of grape maturing we are carefully monitoring each variety individually, so we can determine the best time of harvest for each style of wine we want.

Established: 1936

Winery Size: 20 ha

[www.albiana.si](http://www.albiana.si)

## ALBIANA BRUT ROSÉ

Its lovely pale pink color already gives a preview on this playful penina. The aromas are discreet and multi-layered, starting from hints of raspberries and cream to ripe strawberry and light buttery notes. Elegant mouthfeel with fine and persistent bubbles with creamy flavour. The finish is medium and fresh. Ideal partner as aperitif or with light fish dishes. Grape Varietals: 100% Žametna črnina | Alcohol content: 12.5%

# Kristančič.

## Goriška Brda | Slovenia.

We believe that the key to producing excellent wines is to very carefully, almost obsessively observe the nature and follow the cycle of life that never ceases to amaze us. This is our only guideline, our roadmap on which we boldly drew the course we believe in. Pavó wines show the character of the Goriška Brda region, tradition and love for vineyards. The wines are balanced with a pleasant acidity and tannin structure, an outstanding structure and long aftertastes, which give the wine an interesting bite taste. Perfect balance between richness, harmony and elegance. The peacock flaunting the myriad of colors in its tail is just one aspect of the nature's immense beauty, carrying within itself strength and purpose. Our wines are not just clear liquids of many colours, but are a rich, heady symphony of taste and aroma, produced by human ideas guiding eons of natural evolution.

Established: 1989

Winery Size: 25ha

[www.kristancic.com](http://www.kristancic.com)

### CHARDONNAY

Our Chardonnay has a beautiful golden-yellow colour. The smell is intense, complex and elegant. It develops well on the palate, it is fruity and fresh, with mineral notes. The wine is full-bodied, fresh with characteristics of its variety.

Grape Varietals: 100% Chardonnay | Alcohol content: 14.5%

### MERLOT

Merlot is a soft, gentle wine with ruby red colour. The smell is intense, rich and with powerful bouquet. Combination of several different aromas - berries, jam, tobacco and leather. In the mouth it is smooth, rich and fruity, with mature tannins and long aftertaste.

Grape Varietals: 100% Merlot | Alcohol content: 13.5%

### CABERNET SAUVIGNON

Our Cabernet Sauvignon is a medium intense ruby red coloured wine. The smell of fine berries develops into ripe fruits and spices. On the palate it is fruity, with soft tannins and a lovely finish.

Grape Varietals: 100% Cabernet Sauvignon | Alcohol content: 13%

### PAVÓ RED

The wine is a dark ruby colour with violet shades. The bouquet is intense, elegante and fruity with blackcurrant, chocolate, paper and oak. A fully-bodied wine, intense and bold. A tasty wine, rich in fruity tastes with a sweet tannin structure that leaves a long aftertaste. A great wine for which time is on its side.

Grape Varietals: 75% Merlot, 25% Cabernet Sauvignon | Alcohol content: 14.5%

### NOTES

# Vina Ronk. Goriška Brda | Slovenia.

Ronk estate is situated 100km from the Slovenian capital city, Ljubljana, and 100km from Venice, Italy. We are in the heart of the Goriška Brda wine region, right on the border with Italy. In front of the estate, facing the South is the Mediterranean sea, and to the North, there are the Alps. This position blesses us with warm days mixed with a cool alpine breeze, and the winters are mild. Good grapes are fundamental for the quality of wine, so we put a lot of effort and thought into the vine growing. We tend to have a lower return on the grapes, not to over-exhaust the vines and we do all the work by hand. Appr. 36.000 vines are spread on 9 ha, divided in 12 parcels. Our most produced wine is the autochthonous Ribolla grape, followed by Chardonnay, Merlot, Pinot Blanc, Pinot Gris, Sauvignon, Cabernet Sauvignon and Cabernet Franc. White wines represent 70 % of our total production.

Established:

Winery Size: 9ha

[www.vinaronk.si](http://www.vinaronk.si)

## REBULA - RIBOLLA GIALLA

Ribolla Gialla is an autochthonous variety. It is typically fresh due to the mild Mediterranean climate and has a mineral taste due to the marl soil. It has a vibrant lightly golden yellow color. The smell brings up the fruitiness and delicate aromas of citrus, lemon peel and green apple. The wine is dry, moderately warm, and soft. It has a beautifully expressed elegance, balance and harmony.

Grape Varietals: 100% Ribolla Gialla | Alcohol content: 13%

## SELECTUS PINOT GRIGIO

A kind of wine that shows the perfect selection of matured grapes in the best vineyards. Very carefully nurtured in the cellar. Typical oniony color with salmon shades. The smell of matured fruits, citrus, roasted apples and matured pear really stands out. There are also hints of field's flowers and matured apricots. Perfect balance between warmth and softness, freshness and deliciousness of the mineral habitat.

Grape Varietals: 100% Pinot Grigio | Alcohol content: 13%

## SELECTUS CHARDONNAY

Our Chardonnay Selectus is of golden yellow colour. On the nose it surprises us with notes of vanilla, yellow fruits, subtle hints of flowers, combined with notes of honey. The taste is medium bodied with a elegant freshness and nice drinkability. The aftertaste is slightly mineral with a slightly bitter aftertaste. It's a great, enjoyable white wine that will improve its elegance in a few years time.

Grape Varietals: 100% Chardonnay | Alcohol content: 13.5%

## NOTES

# Vina Ronk. Goriška Brda | Slovenia.

Ronk estate is situated 100km from the Slovenian capital city, Ljubljana, and 100km from Venice, Italy. We are in the heart of the Goriška Brda wine region, right on the border with Italy. ## CABERNET FRANC

Ruby red color with purple shades. Clarity and nice density predict an intense and characteristic wine. Fine aromas of blueberries, sour cherry and raspberry, with a hint of forest undergrowth and soil. The flavor surprises with pleasant freshness and elegance. It is dry, soft, balanced, intense, and youthful. A long lasting finish reminds us of herbs, raspberries and blackberries. Grape Varietals: 100% Cabernet Franc | Alcohol content: 13.5%

## MERLOT

We carefully chose the best location for our Merlot. The vines are approximately 50 years old. The wine has a deep, ruby red color with reflects of garnet. It has an intense and persistent fragrance of ripe, slightly dried plum, raspberries and red mulberries. You also notice scents of green undergrowth and dry grass. In the mouth, it is nicely balanced with just the right amount of freshness, richness of taste and softness of tannins. Grape Varietals: 100% Merlot | Alcohol content: 14%

## SELECTUS RED

Red Selectus is of intense ruby red colour. On the nose it surprises with notes of pepper, spices, combined with black currant, raspberry, cocoa, and chocolate. The taste is full bodied with elegant freshness, slightly noticeable tannins and a rich flavour. The aftertaste is slightly warm yet very pleasant and harmonised. It's a great, enjoyable red blend wine that will improve with time. Grape Varietals: 70% Merlot, 30% Cabernet Sauvignon | Alcohol content: 13.5%

# Sophie Germanier. South Africa.

Sophie Germanier's journey in wine began when she was a young girl having been exposed to wine through her father who was a winemaker in Switzerland. His passion and love for wine was contagious and empowered Sophie to follow in his footsteps. In 2014 she moved to South Africa to run the family business and was then encapsulated by all aspects of the wine industry from farming organically to exporting globally. Sophie is passionate about the environment, and believes that organic practices play an impeccable role in sustainability and the longevity of the wine industry. In 2020, she created her own brand called Organic wine by Sophie Germanier. Her vision is to have consumers move towards drinking more wine that is conscious about the environment and society as a whole. Through the creation of organic, sustainable wines that place quality and consciousness at the forefront of their values, Organic by Sophie Germanier will build towards that vision.

Established: 2020

[www.organicbysg.com/sophie-germanier](http://www.organicbysg.com/sophie-germanier)

## SAUVIGNON BLANC

The nose presents notes of green apple and orange peel with hints of elder flower. Flavours of nettle and citrus follows through on the palate accompanied by a creamy palate towards the end. The wine has good texture with an all-round balance. Great paired with sustainable seafood, free range chicken dishes or zucchini fries.

Grape Varietals: 100% Sauvignon Blanc | Alcohol content: 13.5%

## CABERNET SAUVIGNON

The nose presents notes of black cherry, blackcurrant with hints of vanilla and nutmeg. Aromas of black cherry and blackcurrant as well as dried herbs follows through onto the palate. This is a well-rounded wine with fine tannins and balanced structure and a velvet finish. Pair it with portobello mushroom, filet mignon with sauce or a good steak and fries.

Grape Varietals: 100% Cabernet Sauvignon | Alcohol content: 14%

## CABERNET SAUVIGNON MERLOT SHIRAZ

Red Bell pepper with herbs and leather welcomes the wine lover's nose and follows through on the palate with a cigar box, dark fruit and prune aromas. This is a well-rounded and balanced wine. It pairs well with rib eye steak with pepper sauce, classic napolitana pizza, Beyond burger or rich tomato pastas.

Grape Varietals: 60% Cabernet Sauvignon, 20% Merlot, 20% Shiraz | Alcohol content: 13.5%

## PINOTAGE

The nose presents notes of raspberry, blackberry and hints of marzipan that follows through onto the palate. This is a well-rounded wine with fine tannins and balanced structure and a long finish. Combine with aged cheese, lamb, veggie lasagna or quiche.

Grape Varietals: 100% Pinotage | Alcohol content: 13.5%

**GEORGIA**

# Bedoba. Kakheti | Georgia.

The Georgian tradition of BEDOBA is the granting of luck in the new year. The word means, "Day of Luck". It takes place on the 2<sup>nd</sup> day of the New Year, to ensure that there is a dedicated time in which good luck is welcomed! BEDOBA is born in praise of an inclusive and eclectic culture at the European juncture between East, West, North and South. European, Persian, Arabian, Anatolian and Far Eastern cultures have influenced Georgia's own identity, resulting in one of the most hospitable countries in the world.

To honor this, the BEDOBA wine was created as a cooperation between Georgian winemaker Nugzar Ksvoreli from the Kakheti wine company and Swiss winetreprenuer Thierry Fontannaz. The wine cellar in the Khaketian area dates back to 1533 when the winemaker of Kakhetian King Teimuraz II, Kakhaber Konchoshvili founded a wine cellar where the traditional Kakhetian wines were produced and sold.

Established: 1737

Winery Size: 180 ha

[www.bedoba.wine](http://www.bedoba.wine)

## SAPERAVI

BEDOBA shows itself in a dark robe, with a savory-spicy bouquet of blackberries, mountain herbs, floral aspects and black pepper. Powerful, compact, spicy-fruity and creamy-juicy on the palate. The finish has a fine maturity. Very versatile food pairing, very good with roast lamb or beef, grilled pork skewers, grilled oyster mushrooms, hard cheese such as Comté, Gruyère.

Grape Varietals: 100% Saperavi | Alcohol content: 12%
